When being added to a waiting list you are telling me that you are serious about a pig and that you would like your pick of the litter before they are open for the outside public to claim a piglet. When your litter is born I will contact you by phone and email to send you pictures and genders of the available piglets. You will have 3 days to get back to me and tell me your pick. If I do not hear from you I will move on to the next name on my waiting list so they can have there pick. You will still be able to get a piglet from the ones remaining if you are late getting back to me. I do require an initial \$100 deposit in order to be placed on the waiting list. This \$100 will come off the end price of the piglet and acts as half of your deposit. Once you pick your piglet the remainder of your deposit is due (\$100). Your deposit to be on the waiting list is non-refundable as I may have to turn people away once the list is full for a particular litter. If there is not a color that you wanted from the litter you have signed up for you may have your sign-up fee carried over to the next litter available.

I will email or text you updates and pictures as your little one grows and if you are local please feel free to stop in and see your piglet in person as they are growing.
